Philadelphia, Nov. II.—Nevs and series received here that the Philadelphia schooner William M. Bird from Charleston, S. C., to New London, Conm., was wrecked in the October hurricane of the Frying Pan shoats, North Carolina, and ten of the crew, including Captain Barrett, perished.

Two survivors, George W. Loud, the mate, and George Robinson, seaman, have been landed at Sailsbury, Md., by the schooner Samuel T. Beachem, from Jacksonville, Fla., which vessel rescued them on the afternoon of Nov. 3, twenty miles southwest of the Frying Pan lightship. The survivors had been without food or water for ninety hours, and suffered great hardships having chewed the leather off their shoes to keep from starving.

They have not recovered sufficiently to tell just how their comrades perished, but they state in an incoherent manner that the loat men were evept off one by one from the wreck as their strength grew weaker, and were drowned.
